Attn: Daryl Greer

Dear Mr. Nighbert:

Subject: **Approval of the 2007 SPR Work Program – Subpart A**

Each State is required to submit a work program for FHWA planning and research funds (as defined in 23 CFR 420.103) and to administer the work program in accordance with the provisions of 49 CFR Part 18 and 23 CFR Part 420.

The Kentucky Division of the Federal Highway Administration (FHWA) has reviewed the following document:

**2007 SPR Work Program - Subpart A:
Administration of FHWA Planning and Research Funds
for the Kentucky Transportation Cabinet**

Our review found the 2007 SPR Work Program activities eligible under 23 U.S.C. 134, 135, 505 or 49 U.S.C. 5303-5305, 5313(b) and the provision of 23 CFR 420 and 23 CFR 450. Effective with this letter, the work described within the 2007 SPR Work Program – Subpart A is authorized from June 16, 2006 – June 15, 2007. Authorization of this work is subject to the availability of funds.

Prior Approval is required for the following changes to the SPR Work Program:

- Budgetary Changes
- Increase in federal funds [49 CFR 18.30(c)(1)(i)].
- Cumulative transfer among already approved work program line items of 10% of the total federal funds or \$100,000 [49 CFR 18.30(c)(1)(ii)].

- Programmatic Changes
- Change in the scope or objectives of activities (e.g., adding or deleting line items) [49 CFR 18.30(d)(1)].
- Extending the period of performance past the approved work program period. [49 CFR 18.30(d)(2)].
- Transferring substantive programmatic work to a third party (e.g., consultant work not identified in the original work program) [49 CFR 18.30(d)(4)].
- Capital expenditures including purchase of equipment [OMB Circular A-87].

There are two additional requirements associated with the SPR Work Program, an independent audit and an annual performance and expenditure report.

The Single Audit Act Amendment of 1996 requires that an independent audit be completed of any non-federal entity expending \$500,000 or more in Federal funds from all sources in a fiscal year that ends after December 31, 2003. (49 CFR 18.26, OMB Circular A-133).

An annual performance and expenditure report is required to be submitted within 90 days (3 months) after the end of the report period. The report may be more frequent if deemed necessary by FHWA. [23 CFR 420.117(c)].

The activities in the 2007 SPR Work Program- Subpart A were found eligible and the work program is approved. We appreciate the work that went into development of this work program and thank you for working with our office to make improvements. When printing is complete please provide our office with 8 hard copies of the document. Thank you once again.

Sincerely yours,
